

Mesh-Back Task

The Sola[®] by BodyBilt offers the breathability of a mesh back, along with the ergonomic contour and comfort of the BodyBilt seatpan. The Sola features a contoured mesh back design with an adjustable, integrated lumbar support which may be set at any of 8 positions. Our #7 Seat offers a comfortable choice with moderate contouring that accommodates the largest percentile of workers. The integrated seat depth adjuster allows for the perfectly positioning of the distance between the seat and back.
