BODYBILT HEIGHT-ADJUSTABLE TABLE

Elevating ergonomics to the **PERFECT** position for sitting and standing.

PROMOTING POSITIVE MOVEMENT

Our flagship height-adjustable table uses refined style and stability to encourage healthy movement throughout the workday. It offers a range of heights to offer the perfect seated and standing positions for each and every user

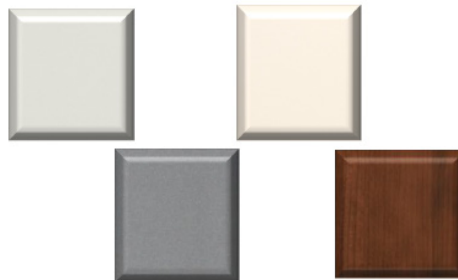

ONE-TOUCH ADJUST
Up/down electronic push button control lets users easily adjust the Height-Adjustable Table.

SPACIOUS WORK SURFACE
Attractive, modern design of the table includes ample space for comfort and productivity in any position.

OPTIMIZED OPERATION

The programmable control stores 4 different height settings, providing a single-button transition from sitting to standing positions.

COLOR-COORDINATION

Our table top laminates come in four attractive colors to blend and enhance the look of any office environment. Available in (L to R, from top) Haute Grey, Warm White, Venus Silver and Shaker Cherry.

STRONG AND STABLE

Built to operate smoothly and consistently, the BodyBilt Height-Adjustable Table won't shudder, shake or make any significant noise.
