

MAESTRO ENCORE

The trouble-free sit-stand transition with space to spare.

The Maestro's second act is a symphony of advanced ergonomics and additional adjustability. A duet of platforms increases your workspace range, with the keyboard platform lifting and tilting into the perfect position for you to master your workday.

POSITIONAL POWER

Ergonomically engineered to suit everyone from the 5th percentile seated female to the 95th percentile standing male.

SEAMLESS SHIFT

The gas assist counter-balance arms raises and lowers the Maestro Encore through an impressive 22" height range.

SUPERIOR SPACE

The Maestro Encore offers more working space with two 9" x 28" work surfaces, while keeping your desk clear.

PERFECT FIT

Compatible with almost any desk or work surface - and the sleek black or silver and black tones blend with any office design.

FLEXIBLE FUNCTIONALITY

In lifted position, the Maestro Encore offers more work surface space while it can also be positioned flush to the desk. Choose from single monitor or dual monitor configuration.

CONVENIENT KEYBOARDING

The keyboard tray features an independent 3.43" height adjustment as well as 19° (+4°/15°) of tilt to accommodate the best typing posture.

PERFECT POSITIONING

The Maestro Encore also features an 8.3" independent monitor height adjustment, tilt, and rotation for the optimal viewing angle - all with quick VESA-mount installation.
