# MAESTRO

## Your desk, effortlessly transformed for the sit-stand revolution.

Mastering effortless transposition from sit to stand, the Maestro allows you to conduct your workday in the perfect position. Space-saving and adaptable, it adjusts your monitor, keyboard, and workspace height in perfect harmony.

### VERSATILE DESIGN

Compatible with almost any desk or work surface to instantly offer the health benefits of more active working.

### CLEAR WORKSPACE

Integrated cable management system neatly secures cables, while the arm swings the desktop out of the way when not in use.

**SEAMLESS SHARING**  
Monitor tower swivels 180° offering perfect positioning for sharing information.

**SPACIOUS WORK SURFACE**  
Generous 28" by 18" work surface accommodates any keyboard and mouse with plenty of room to spare.

### FLEXIBLE FUNCTIONALITY

In lifted position, the Maestro offers more work surface space while it can also be positioned flush to the desk. In addition, it features the flexibility of under- and over-surface mounting.

### SEAMLESS SIT-TO-STAND ADJUSTMENT

A gas assist counter-balanced arm smoothly raises and lowers the desktop through an impressive 18.5" height range - providing an ideal sit-stand experience suited for nearly every user.

### PERFECT POSITIONING

The Maestro also features an 8.3" independent monitor height adjustment, tilt, and rotation for the optimal viewing angle - all with quick VESA-mount installation.
