BODYBILT SERIES 2 HEIGHT-ADJUSTABLE TABLE

The basic table, redesigned for **POSITIVE** positioning and movement.

SUPPORTS HEALTHIER WORKING

The Series 2 Height-Adjustable Table is designed to encourage healthy repositioning and positive movement for the seated worker. This stable, adjustable work surface offers an optimal range of sitting and standing heights.

EASY OPERATION

Up/down electronic push button control lets users easily adjust the Height-Adjustable Table.

SPACIOUS WORK SURFACE

The sturdy design of the table includes ample space for comfort and productivity in any position.

OPTIMIZED OPERATION

The programmable control stores 4 different height settings, providing a single-button transition from sitting to standing positions.

COLOR-COORDINATION

Our table top laminates come in four attractive colors to blend and enhance the look of any office environment. Available in (L to R, from top) Haute Grey, Warm White, Venus Silver and Shaker Cherry.

STRONG AND STABLE

Built to operate smoothly and consistently, the BodyBilt Height-Adjustable Table won't shudder, shake or make any significant noise.
