

Ergonomic adjustability and comfort are the cornerstones of BodyBilt seating. The R757 features 10-point posture control, which allows the user to control their ergonomic level of comfort. The #7 seat pan is BodyBilt's most popular seat with moderate contour which fits the targets percentile of workers. The R-style or Synchro-tilt mechanism allows for free rocking or the seat/back angle may be locked into a number of incremental positions.

Standard Features:

- Mid-Back (18.5" long x 18.5" wide)
