SERIES 3
HEIGHT-ADJUSTABLE TABLE

Introducing the NEW value-priced height-adjustable table with the quality that you have come to expect from BodyBilt.

MOVEMENT THAT MAKES A DIFFERENCE
Our Series 3 Height-Adjustable Table delivers adjustment that encourages healthy movement and posture changes throughout the work day. It offers a range of heights that will meet the needs of most workers in both seated and standing postures.

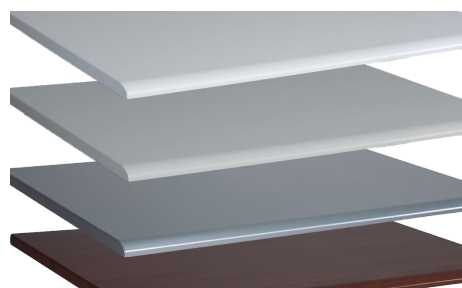

ONE-TOUCH OPERATION
Up/down electronic push button control lets users easily adjust the height-adjustable table.

WORK SURFACE SPACE & STABILITY
The sturdy design of the table includes ample space for comfort and productivity in any position.

OPTIMIZED OPERATION

The programmable control of the Series 3 Height-Adjustable Table stores four different height settings, providing a single-button transition between your ideal sitting and standing positions.

CHOICE OF COLORS

Our table top laminates come in four attractive colors to blend and enhance the look of any office environment. Available in (top to bottom) Warm White, Haute Gray, Venus Silver, and Shaker Cherry.

STRONG AND STABLE

Built to operate smoothly and consistently, the Series 3 Height-Adjustable Table won't shudder, shake or make any significant noise while moving your workspace to the perfect height for you.
