MIDCELLI WORKSTOOL

Featuring the exclusive BodyBilt Halo footring and is available in your choice of petite, moderately contoured, or flat seat. Combined with a generous seat height and lumbar support range, mesh back, and flexibility to support you in any environment. The Midcelli proprietary elastomeric mesh back was created with comfort, airflow and individualized sacral and lumbar reinforcements in mind, giving you just the right amount of support in both the lower back and upper back regions which encourages and promotes a healthier posture and freedom of movement. Combining this unique patented mesh, mid-back design with BodyBilt's unique lumbar support and ergonomically contoured seats create an unequaled experience for any work environment.

VERSITILITY & SUPPORT

UNMATCHED MESH

Multidirectional elastomeric mesh alternates support and freedom, providing maximum comfort.

ADJUSTABLE ARMS

ULTRA Arms provide adjustments with sleek, sophisticated style.

FLEXIBILITY WHEN YOU NEED IT

Halo Footring offers support of a wide ring in higher positions but moves out of the way with a cutout for desk height.

Color Options

Carbon | Cardinal | Capri

SEAT OPTIONS

Seat available in flat, moderately contoured and petite.
