## NEXT24

Next24 is the most advanced 24/7 seating solution in existence, bottoms down. Next24 is the only chair embedded with SKYDEX, a patented polymer technology that reduces peak pressure by 60%, providing long-shift comfort that conventional foam solutions can't touch. Plus, you gain all this comfort without giving up durability. Next24 holds up, shift after shift, so you can get the job done when it counts the most – always.
