

REVEILLE CHAIR

UNSURPASSED COMFORT, EXCEPTIONAL VALUE

The Reveille chair delivers ergonomic comfort at a competitive price, backed by exceptional service and support.

This sleek, modern, breathable mesh-back design is made for those who start their mornings early and stay focused all day long. From morning's first light until the job is done, the Reveille chair supports you in comfort and style.

Your Regional Sales Manager

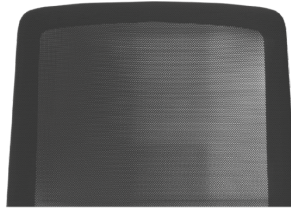

Comfort and quality never felt so good.

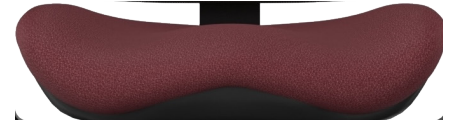

10-Position Back Height

Ten-position back-height adjustment provides personalized support and a precise fit.

Lightweight Mesh Back

As one of our lightest chairs, the Reveille's mesh back design provides cool, reassuring support with the optimal amount of give.

Stain-Resistant Fabric

With soil- and stain-resistant seat fabrics in several popular colors, this chair is simple to maintain and designed to last for years.

Breathable Mesh Back

The mesh back provides ergonomic support and breathability throughout the day to keep you cool, productive, and comfortable.

Lumbar Support

The Reveille's lumbar support provides critical lower-back support in the ideal position.

Contoured Seat Options

Choose between two popular seat options: Moderately Contoured or Standard Flat.

Self-Weighing 3:1 Tilt

The self-weighing synchro-tilt mechanism provides a 3:1 ratio for balanced, responsive recline.

Handmade Construction

Every BodyBilt chair is handcrafted in Texas by a dedicated team of skilled craftsmen, ensuring exceptional quality and attention to detail.

Adjustable Arms

Includes four-way adjustable Ultra Arms.

Base & Casters

Multi-surface 2.5" casters and a 26" five-star black base make the Reveille suitable for a variety of floor surfaces.

Seat Slider

A 2.5-inch seat slider accommodates different leg lengths for personalized comfort.

Comfort and quality never felt so good.
